

Larry Hubbard & Associates Auditing Techniques Course Outline

Course Description

This course reviews the *International Standards for the Professional Practice of Internal Auditing* and the basic tools used by internal auditors. Also covered are various types of audits, identification of controls, workpaper techniques, audit evidence and testing and reporting of audit issues.

Intended Audience

The course is designed for:

- Experienced auditors who want to learn more about the *IIA Standards* to prepare for the CIA Exam.
- Auditors who want to learn more about the rules of audit evidence, sampling and testing of controls.
- Auditors who want to practice writing audit issues using the five elements of an audit finding
- Anyone wanting to learn more about the design and operation of internal controls

The class format is small and large group discussions, case studies, practical exercises, facilitator presentations and skill practices.

Course Leader

Larry Hubbard is a professional trainer and consultant with a broad background in accounting, auditing, and finance. Prior to founding Larry Hubbard & Associates, Larry's work experience included Mobil Corporation and Ernst & Young. More information is at: www.LHubbard.com.
